

CONTROL BOXES KM

DATA SHEET

no: KK-K_KM

The KM type control boxes can be fitted with Ø22mm and Ø30mm signal lamps or control buttons, manufactured by SN PROMET. In addition to standard designs, it is also possible to design customized control boxes, according to individual requirements of clients.

Control boxes have grey or yellow enclosures, made of ABS. In the standard design, each control box has one cable gland, according to the type specified in the table. Upon request, we can provide the control box with a second cable gland, located on the opposite wall of the enclosure.

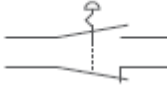

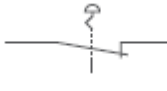

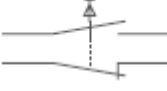

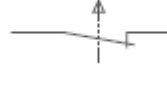

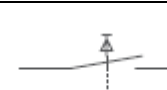

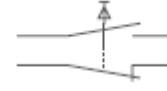

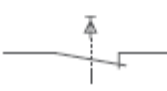

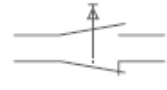

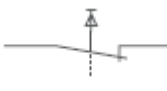

Control boxes can have identification plates that provide information about functions of signal lamps and buttons.

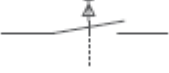

TECHNICAL DATA:

Parameter	Value
Protection class	Without additional accessories - IP 67 With additional accessories - depending on accessories
Working temperature	Without additional accessories - from -40° to +80°C
Fire resistance	UL94-HB
Colour of enclosure	grey yellow
Maximum number of contacts	for NEF30 - 2 for NEF22 - 3 or 2 with backlight
Size of cable gland	Pg11; Pg13,5; Pg16
Installation	4 x M4 screws (metal)

The product conforms to the following standard PN-EN 60947-5-1.
